

Supply Chain Mavens Inc.

In conjunction with Quality Management Solutions, Inc. Presents

The all New CPIM Part 1 in a Virtual Format

Scope: Introducing Supply Chain concepts and emphasizing basic terminology, this first of two CPIM modules traces the complete flow of inbound materials from suppliers--through planning processes, transformation operations, and material management--and distribution of end items to customers. Get a comprehensive overview of successful operations strategies with a solid understanding of interfaces and cost tradeoffs to optimize customer satisfaction and supply chain performance.

Who Should Attend? Industry newcomers, logistics professionals, and those seeking to advance into management roles should take this course. Anyone active in daily management of production planning, purchasing, logistics, or operations will bring home proven techniques to eliminate non-value-added activities, reduce costs, shorten cycle times, and improve Customer Service.

Schedule: This 32-hour workshop is being offered on Monday from July 12 through August 30, 2021 from 9 Am to 1 PM. This course will be taught by G.L. (Jerry) Kilty, CPIM-F, CIRM, CSCP, CLTD.
